Automotive Product Engineer

Location: Barcelona.

At **K-LAGAN** we are looking for you to continue growing together!

We are a strategic international technology services company, essentially committed to its team and to society. We offer solutions in IT services, engineering developments, electronics, and R&D projects. Our commitment is to hire the best talent regardless of race, religion, gender, age and people with other abilities, promoting their professional and personal development.

Mission : You will join one of our automotive customers and work as a **Mechanical Product Engineer** to manage with the design area the relevant modifications and solutions. You will discuss with the customer about the technical feasibility of the product during the quotation and development stages.

Our ideal profile has knowledge in:

Previous experience in mechanical product minimum 2 or 3 years.

Tolerance calculations and engineering solutions.

CATIA V5

English

German or French desirable

Our selection process:

First interview

Technical interview

Final interview

In addition, in **K-LAGAN** we want you to enjoy all the experience being part of our team, that's why we offer you:

ESSENTIAL! Permanent contract and stable project.

MODALITY: On site - Barcelona

TEAM LIVING: Barbecues, technological coffees and maybe this year we will come up with more things to be closer to you.

CONTINUOUS FOLLOW-UP: You will count on our fantastic TBM to keep growing and have feedback of your performance and day to day.

CAREERS AND TRAINING DEPARTMENT Do you want to take the next step? We accompany you!

SPECIAL EVENTS: Summer Dinner, Christmas Dinner and Solidarity Day

FREE BIRTHDAYS: Enjoy it how, where and with whom you want!

SUPPORT in kindergartens, KM and languages.

Think it might be interesting for you?

Sign up!
