

## Global Launch Projects manager

[Apply Now](#)

Company: Laboratorio STADA, S.L.

Location: Spain

Category: arts-design-entertainment-sports-and-media

### ABOUT US

At **STADA** we pursue the purpose **Taking care of people's health as a trusted partner.** All our decisions and actions are driven by our purpose, vision and values. With our wide range of Generics, Consumer Healthcare and Specialties, we offer patients, doctors and pharmacists a wide range of therapeutic options.

Around 13,000 employees live our values of Integrity, Entrepreneurship, Agility and One STADA, in order to achieve our ambitious goals and shape a successful future for our company. We continually expand our goals in line with our ambition, and we achieve them with passion, commitment and a growth mindset.

**Do you want to be part of a successful international pharmaceutical company and grow with us?**

### THE ROLE

**What are we looking for?** We are searching for a candidate with experience in the Pharma Industry and cross functional areas management experience. Someone eager to keep developing the professional career in the Pharmaceutical Industry.

### YOUR RESPONSABILITIES

- Responsible for the coordination and management of time to market launches, with a focus on Specialty category, of STADA AG in different regions within the Supply Chain Management
- Coordinate all tasks, activities, resources, milestones, etc. of the product launch within deadlines and timely escalate potential deviations

to project plan

- Continuously review and improve timings and delivery
- Ensure adequate information flow between all internal and external stakeholders such as Global Specialty teams, Supply Planning, Production, Quality, Logistics (warehousing and transportation operations), External Supply Organization (ESO), Global Project Management (GPM) as well as suppliers and affiliates along the process.
- Central touch point for affiliates and commercial functions regarding all information on the launch status and escalation
- Monitor & track timelines with supplier as per launch tracking sheet (registrations, PO, artworks execution, production, release, shipment)
- Provide support for launch decisions, escalations, mitigation plans and preparation of business cases
- Identify project risks and work out scenarios to enable a successful implementation of launches
- Ensure oversight of supply chain changes and lead end-to-end change control management, working in a cross-functional environment
- Support process improvements initiatives in Global Launch Management team

## **REQUIREMENTS**

- You have a degree in business, supply chain management, chemistry or pharmacy (or related field)
- You bring at least 4 years of experience in operations in the pharmaceutical industry
- You have strong abilities in project and process management
- You have good understanding of local go to market requirements (regulatory, technical,...).
- You are fluent in English (oral and written); other languages are desirable but not a must

We look forward to receiving your application through our job portal.

At **One STADA Career Portal** you will also find more job opportunities as we are always looking

for talent to strengthen our team in line with our growth ambitions.

**STADA** offers a competitive environment for personal and professional development in a growing company full of opportunities.

Our future project requires dynamic and proactive professionals, capable of adding value in a changing environment.
