

## Global Transfer Project Manager

[Apply Now](#)

Company: Laboratorio STADA, S.L.

Location: Spain

Category: arts-design-entertainment-sports-and-media

### ABOUT US

At **STADA** we pursue the purpose of **Taking care of people's health as a trusted partner**. All our decisions and actions are driven by our purpose, vision and values. With our wide range of Generics, Cosumer Healthcare and Specialties, we offer patients, doctors and pharmacists a wide range of therapeutic options.

Around 13,000 employees live our values of Integrity, Entrepreneurship, Agility and One STADA, in order to achieve our ambitious goals and shape a successful future for our company. We continually expand our goals in line with our ambition, and we achieve them with passion, commitment and a growth mindset.

**Do you want to be part of a successful international pharmaceutical company and grow with us?**

### THE ROLE

**What are we looking?** We are searching for a candidate who has good coordination and project management skills. Candidates should have preferably supply chain or economic background with planning expertise and project management skills. The candidate we are searching for is preferred to have entrepreneurial spirit and act in a proactive manner.

### YOUR RESPONSABILITIES

- Coordination and management of product transfers of STADA AG in the regions EU, CIS, SEE and Emerging markets and support continuous improvement of processes
- Ensuring adequate information flow and coordination between all internal and external

stakeholders

- Ensure oversight of supply chain changes and lead end-to-end change control management, working in a cross-functional environment
- Communicate and inform all stakeholders such as planning, production, quality and regulatory as well as external suppliers and affiliates along the process
- Guarantee transparent information exchange and overall project timelines
- Monitor production, delivery and release steps along the supply chain
- Support transfer decisions and set up and maintain business cases
- Identification of risks and work out scenarios to enable a successful implementation of transfers with focus on timelines and costs

## **REQUIREMENTS**

- Degree in business, economics, preferably with pharmaceutical background (or a discipline relevant to the role)
  - At least 2 years of experience as Project Management in the Pharma Industry
  - Is able to think, act and initiate in operational, tactical and strategic terms.
  - Has to be familiar with the current regulations in the pharmaceutical industry.
  - Strong abilities in project and process management
  - Fluent in English, other languages desirable
- We look forward to receiving your application through our job portal. At **One STADA**

**Career Portal** you will also find more job opportunities as we are always looking for talent to strengthen our team in line with our growth ambitions.

**STADA** offers a competitive environment for personal and professional development in a growing company full of opportunities.

Our future project requires dynamic and proactive professionals, capable of adding value in a changing environment.
