Job Description

INTRODUCTION:

Glofox is on a mission to revolutionize the fitness industry and we want your help. We are doubling in size every year, and along with our ever-growing client base that spans over 60 distinct countries, our team is dedicated to taking group fitness to the next level.

We're a hard-working, fun-loving, get-things-done type of team that is building a platform that saves time, increases retention and ultimately, helps studio and gym owners become more successful.

At Glofox, we love entrepreneurs because we are entrepreneurs. We know how much grit it takes to start your own business and grow it into something that lasts. We roll our sleeves up, we act fast, and we learn together. We're looking for people that will do the same

WHAT YOU'LL DO:

Work with an energised, fun, friendly and customer focused cross-functional team

Collaborate with designers, developers, product managers and testers to transform ideas into unique, human experiences for fitness entrepreneurs

Mentor, pair, and delegate to encourage professional and technical growth

Code! Write Predictable, Readable, Simple, and Flexible code

Improve the scalability and performance of our platform.

Use cutting edge Agile & Lean ways of working underpinned by DevOps and CI/CD

Code!

Our current technical stack is underpinned by:

Java

PHP

React

MySQL and MongoDB

AWS

WHAT YOU'LL NEED:

7+ years of industry experience in a software engineering role where you can demonstrate significant impact that your work has had on the product and/or the team.

Solid understanding of the practical application of agile development methods in an Agile/Lean/Continuous Delivery environment

Solid knowledge of Quality and Testing principles.

Comfortable learning new technologies and systems

Desire to help and mentor others

AND IT'S GREAT TO HAVE:

Extensive hands-on experience with a strong typed language such as Java or GoLang.

Experience working with microservices

Contributed to the professional community as a speaker, author or online contributor

Desire to contribute to the wider community through collaboration, coaching, and mentoring of other technologists

WHAT'S IN IT FOR YOU:

Purpose led company with a Values focused culture – Best Life, One Team, Growth Mindset

Time Off – with our open PTO policy, you pick when you want time off when it's best for you!

Days of Disconnect – once a quarter, we take a collective breather and enjoy a day off together around the globe. #oneteam
